## Peaceful Presence for Caregivers of Those Living with Life-limiting Illness

### Primary Indications:

- \* Support during the days, weeks and months before, during and after the death of loved ones
- \* When having a difficult time letting go of the departing soul
- \* To help remain centered and calm when caring for loved ones facing the life passage of death
- \* For inner strength when feeling abandoned by the departing soul
- \* Assists in feeling connection with loved ones in the spirit realms
- \* For calming emotional upset including grief, panic, fear, and overwhelm in loved ones of those living with life-limiting illness

### Note:

Methods of administration include oral, topical, or misting. The most commonly used method for those living with life-limiting illness is topical application. Spray on the pulse point inside the wrist, lightly rub in the mixture, then apply gentle pressure for a minute or so while breathing deeply. For the misting method, lightly mist around the whole body, the head, and surrounding body space. Be sure to close eyes and remove glasses before doing so. This method is excellent for children.
